

TxNet is a comprehensive Enterprise Internet solution offered exclusively to state agencies and local governments by Texas.gov.

TxNet enables you to efficiently manage your Internet presence and corresponding business processes with a web content management system that allows you to design, deploy, and administer your own web content. TxNet also offers the convenience of leveraging the Texas.gov platform to manage the hosting and security of your website.

## Features

### **Content Management System (CMS)**

TxNet utilizes Microsoft SharePoint 2010, a browser-based Graphical User Interface (GUI) tool that enables your staff to author and publish web content in a timely, less expensive manner.

### **Flexible Design Templates**

TxNet offers an extensive set of pre-designed web templates that address the most frequently required functions of a basic website structure. TxNet also enables customization and enhancement of widgets and templates.

### **Established Workflows**

TxNet provides a pre-defined and customizable set of publishing workflows to ensure the proper reviews, approvals, and other controls are in place before content is viewable by the public.

## Benefits

### **Web 2.0 User Experience**

With TxNet, your website presents end users with a modern, dynamic Web 2.0 user experience that includes a clean, visually appealing layout and an intuitive navigation structure. This experience is compatible with the look and feel of Texas.gov.

### **No Procurement**

TxNet is offered to government partners under the Texas.gov master agreement with the State of Texas.

### **Premier Hosted Environment**

TxNet is hosted on the existing Texas.gov environment which provides TxNet with 99.9% uptime, a fully redundant infrastructure available 24x7, and robust security that complies with State of Texas standards.

## About Texas.gov

Texas.gov is the official website of the State of Texas and is overseen by the Texas Department of Information Resources. Texas.gov helps state and local government entities web-enable their services and is operated without tax funds through a public-private partnership between the State and Texas NICUSA, LLC, an Austin-based company. Texas NICUSA is a subsidiary of NIC, the nation's leading provider of official government portals, online services, and secure payment processing solutions.
